EMPIRE STATE REPORT

Author-Subject Index

1979

About this index...

This is an author-subject index to Volume 5, the 1979 volume of *Empire State Report.* The six issues of Volume 5 were dated as follows: 1, February; 2, April; 3, June-July; 4, August-September; 5, October-November; 6, December.

***Author entries* appear in traditional form, *e.g.*:**

Stone Lewis Bart, Co-ops; A Quiet Political Revolution, 5:3+.

———, Subsidized Co-ops: A Quite Different Story, 5:5.

The long dash indicates that the author of the article so marked was the same as that of the immediately preceding article. The notation "5:3+" indicates issue Number 5 (October-November, 1979), beginning on page 3 and continuing (+) on succeeding pages.

***Subject entries* appear as bold-faced listings on separate lines, followed by the titles of articles on that Subject. *E.g.*,**

Wriston, Walter
The Muffle Men, 2:19-23

Hence, an individual whose name immediately precedes a title on the *same line* is the *author* of the article. An individual whose name appears on a *separate line* is the subject, or is mentioned significantly, in the article(s) whose title(s) follow(s).

***See* and *See also* refer to subject entries in this index.**

The 1979 index, like the 1978 index to *Empire State Report,* was prepared by Robert L. Sindermann Jr. of Austin, Texas.
